ASSESSMENT COMPLETED.

County Assessor Boys Finish His Work

What His Report Will Show.

The county assessment has been completed and the books turned in to County Clerk Morton. The county commissioners will hold a session on June 19th to examine the returns, and also sit as a board of equalization. Under the law of the last legislature the board can only equalize, not raise, the valuation. That is, they must take it if they discover errors in valuation, some particular return of value, and may raise or lower the assessments to conform therewith.

It has been suggested that the board may take the highest valuation as shown in the assessor's return and raise all valuations to that point, or they may take the lowest figure and lower all assessments to conform therewith. But the leader is of the opinion that to do either of these things is clearly a violation of the law. It is of the opinion that the law clearly and distinctly means that the board, if it makes any changes at all, must take a medium assessment and work up or down from that point.

The total valuations as returned by the assessor aggregate \$4,930,514. The total valuation of the city of Guthrie is shown to be \$1,547,448.75.

The largest realty assessment is Guthrie township, \$179,955, and the smallest is Iowa township, \$23,960.

The following are the returns by townships:

Langston—Personal, \$3,482; city realty, \$30,788; total, \$34,270.

Antelope—Personal, \$3,694; city realty, \$12,690; total, \$16,384.

Bear Creek—Personal, \$18,875; city realty, \$40; total, \$18,915.

Bismark—Personal, \$2,304; city realty, \$12,036; total, \$14,340.

Cedar—Personal, \$2,088; city realty, \$19,590; total, \$21,678.

Crane—Personal, \$2,194; city realty, \$12,690; total, \$14,884.

Iron Mountain—Personal, \$1,312; city realty, \$19,590; total, \$20,902.

Iowa—Personal, \$2,189; city realty, \$12,690; total, \$14,879.

Lawrence—Personal, \$2,304; city realty, \$12,036; total, \$14,340.

Marshall—Personal, \$2,657; city realty, \$12,690; total, \$15,347.

Muhall—Personal, \$4,442; city realty, \$12,690; total, \$17,132.

Articles of Incorporation

were filed today with Secretary Jenkins for the Jennings State bank, at Jennings, Pawnee county, to do a general banking business.

The incorporators are: W. E. Canfield, W. E. Canfield, C. G. Canfield, W. E. Adams, C. G. Canfield and J. L. Rodgers, of Jennings; John E. Florer, of Jarlington, Okla.; Daniel Coudridge, of Loring, Okla.; H. L. Peak, Oklahoma City. The capital stock is \$50,000, of 50 shares at \$1,000 each. The corporation is a thriving town in the best agricultural district of Pawnee county, and the incorporators see a future for a good bank such as they will conduct, as they are all conservative men. They have the confidence of the people.

I was seriously afflicted with cough for several years and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy by a friend who, knowing me to be a poor widow, gave it to me. I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had a good health for 30 years. Respectfully, Mrs. Mary A. Heard, Claremore, Ark. Sold by all druggists.

It frequently happens that cattle that have been well fed with grain during the winter lose instead of gain in weight for a short time after being turned on pasture. Thin cattle, on the other hand, frequently show a marked gain during the first few weeks on pasture. On the Oklahoma experiment station farm a bull and three two year old heifers, well fed during the winter, made average gain of 35 pounds each during May on the prairie grass pasture. A pair of calves just weaned made gain of 25 pounds each on same pasture.

It is said that the effect of the decision of Judge Burwell dissolving the injunction against the Waters-Pierce oil company has been to flood the territory with an inferior grade of oil. Under the decision of the court the inspector is enjoined from branding it and the oil company can put upon the market as much of the inferior oil as it pleases to force upon any other people on earth. Where the law refuses to guard and protect the rights of the people, the inherent right of the people to protect themselves has never been denied. These things being true the oil consumers may protect themselves.
